- Register at hof-teamcamp.com, payment by credit card is due at the time of enrollment. Registration opens on **Monday, January 13th at 9 AM**.
- If you are placed on a waitlist, you will be notified if a seat becomes available and will have the option to accept or decline the seat.
- Registration closes on **Friday, January 24th at 11:59 PM**. Class schedules cannot be changed after registration closes.
- Upon registration, you will indicate if your child will walk home, attend Kids Co. aftercare, or will be picked-up. Campers should be picked up promptly at 4pm (Mon/Tue) or 2:45 PM in the Gym.
- During the registration process, there will be an option to request a scholarship and to make additional donations to the scholarship budget.
- Learners will go directly to the Gym at the end of the school day for check-in.
- Should an instructor cancel for the day, ***please plan alternate after-school arrangements for your child***. You will receive a refund for any days that the instructor misses. Instructors with attendance issues will not be asked to return for subsequent quarters.
- Families will not be reimbursed for days that learners do not attend.

CLASS DESCRIPTIONS: Winter Quarter (2/3/25 – 4/2/25)

Classes that do not meet the minimum enrollment will be cancelled.

1on1 Sports: After-School Hoops

(2nd-5th Grade, Min 10/Max 18)

Join One-on-One Basketball this semester for After School Hoops®, an ideal after school activity for aspiring athletes. Basketball is a unique sport that combines upper and lower body motor-skill learning with an intense cardiovascular workout. Our organization has decades of experience teaching this sport in a motivating, inclusive and age-appropriate manner. After School Hoops® makes three guarantees: your child will learn, sweat, and have fun!

Alliance Française: French for Kids, After-School Discovery

(2nd-5th Grade, Min 5/Max 12)

Tailored for 2nd-5th grade students without any prior knowledge of the language, this program by the Alliance Française de Seattle offers a fun, playful and immersive introduction to French. In our play-based approach, students will participate in exciting activities that encourage language development, cultural appreciation, and self-expression. Through games, music, and other engaging activities, our experienced and passionate instructor will guide students through hands-on experiences, making each session a delightful exploration of French language and culture. By the end of the program, your child will have an understanding of basic French vocabulary and phrases, and a newfound appreciation for the language. Join us for a captivating experience where learning is dynamic, fun, and filled with the joy of discovering a new language!

Akiko: Japanese Club

(2nd-5th Grade, Min 4/Max 10)

This Japanese club is for all students who are new to Japanese or have learned some. Students will practice spelling the first 46 letters called Hiragana using provided worksheets. For returning students, Katakana, another 46 letters and Kanji, Chinese characters will be introduced. Each sessions include Japanese traditional and seasonal activities such as Calligraphy, Tea ceremony, Kimono day and traditional festival, Origami, Anime, movie and Japanese characters, Japanese songs and dance etc. Also, we will work on Japanese food (rice ball making, mochi baking or cold noodles etc.) in the classroom and will introduce a small portion of a store-purchased Japanese snacks each class. Please make sure your child's listed allergies are accurate during registration.

BEAM Experiences: Stop Motion Animation

(3rd-5th Grade, Min 8/Max 14)

Bring your story to life by making stop motion animated movies! Working in teams, we will build sets and characters using LEGO® bricks, clay, and other materials, then write, direct, and edit unique stories. We will learn about narrative structure, setting the tone, and using special effects to communicate stories to an audience. This program takes a strong social-emotional learning lens and focuses on skills like empathy, giving and receiving feedback, and goal-setting. By the end of the session, kids will complete multiple animation exercises and a final film project to share with the world! Students will take home a USB drive containing their movies and parents will also receive a download link via email.

Bilingual Kids Seattle: Spanish Language!

(2nd-5th Grade, Min 8/Max 18)

Have you ever wanted to provide your child with the opportunity of being bilingual? Students will learn and practice the second most commonly spoken language in the U.S. while benefiting from language learner outcomes such as support for higher academic achievement and the development of cognitive skills. Additionally, learning a new language gives students a greater global understanding of our world and access to another culture to see things from a new perspective.

This is an immersion class consisting of a section of language instruction in an academic setting (60 min) and a section of Arts & Crafts activities in Spanish (30 min). The academic component follows an innovative, dynamic and well-researched curriculum while the Arts & Crafts section provides a fun environment to practice the language and learn new words in real context through painting & drawing, crafting and music.

CreArt Studios: Palette to Plaster, Sketching Adventures to 3D Sculptures

(2nd-5th Grade, Min 10/Max 18)

Join us for a creative winter filled with fun projects like zentangle animals, clay pizza slices, disco balls, and foil sculptures! From colorful maps with 3D landmarks to oil pastel snow scenes and pointillism landscapes, every class is packed with exciting art exploration. Get ready to make magic this winter!

Creative Coding

(3rd-5th Grade, Min 5/Max 12)

Creative Coding teaches your child to code by helping them make their own custom video games! Our Project based, multi-level classes are amazingly fun yet very effective in teaching creative problem solving AND emotional resilience. As the students bring their ideas to life, they iterate through the emotional cycle of Coding (idea>excitement>effort>frustration>more effort>triumph!) With our support and positive encouragement. Repeating this cycle not only builds great coders, but more importantly, develops emotional persistence that will help students enjoy taking on new challenges in all aspects of their lives. Students new to coding will participate in the Creative Coding core curriculum, learning the fundamental elements of coding using MIT's Scratch to create their very own computer games! Many parents and educators are realizing that the benefits of learning to code at a young age extend far beyond the skill itself. Through the "brain exercise" of coding, coders build intelligence like athletes build muscles. Just as importantly, they develop stronger problem-solving skills, confidence over technology, and emotional persistence.

Half Pint Puppets: Build a Puppet, Change the World!

(8-12yo, Min 7/Max 15)

Learn to make your own Muppet-style Puppet! With the help of a professional puppet builder, you get to construct a puppet that you design, stitch, glue, and bring to life! We'll create a script together with our characters to perform on the last day of camp for family and friends! All materials are provided, and you'll leave with new skills, friends, and a puppet you made yourself!

Kids Carpentry Seattle

(2nd-5th, Min 5/Max 8)

Kids' Carpentry is a hands-on toy building experience designed to teach kids practical woodworking skills with an emphasis on the safe use of hand tools. While kids construct fun and exciting projects, they are also empowered to become independent thinkers--building confidence, self-esteem, and a repertoire of practical skills that will last them a lifetime. At the end of the session kids will bring home one or more wooden games or toys that they have built by hand from scratch.

Kong Academy: Parkour

(2nd-5th Grade, Min 6/Max 12)

Get ready for an adventurous journey in Social Awareness, Relationships, and Responsible Decision-Making Skills. The Kong Academy program empowers kids physically, socially, and emotionally through: play, games, and parkour-based movement. Join us as your kids unlock their social superpowers through fitness-focused games and movement-based adventures. They'll dive into a world of teamwork, navigating challenges that foster social awareness and build positive relationships.

Little Hands: Machine Sewing

(2nd-5th Grade, Min 3/Max 9)

Welcome to LHC's Machine Sewing class, designed specifically for students, 1st grade and up! Whether you're brand new to machine sewing or already have experience, this camp is designed to cater to all skill levels. All students will have a full safety overview of essential machine safety protocols, after which new students will complete our beginner sewing curriculum, while the more experienced students can build off their existing skills, taking their sewing abilities to the next level. This class is student-led, and they advance at their own pace with autonomy over the projects they choose to create. Projects include backpacks, phone cases, clothing, accessories, bags, games, stuffed animals and are swapped out every session! This is our most popular and most inclusive class where creativity knows no bounds! **For all new sewers, the first class of the camp is mandatory; please contact Chelsea Cook if your child is unable to attend.*

Math N Stuff: Pokémon Trainers Club

(2nd-5th Grade, Min 8/Max 24)

Pokémon is a card game in which two players take on the role of Pokémon trainers, attempting to outwit and outplay each other using different Pokémon creatures and tactics in the arena. This after-school Pokémon class teaches the basic rules of the Pokémon Trading Card Game! Our young Pokémon trainers will get their own trainer decks to duel their friends. They will add new cards to their decks as they learn deeper strategies and the spirit of the game

The Pantry: Cooking Club

(4th-5th Grade, Min 8/Max 12)

This hands-on series will explore some of our favorite foods from around the world. We finish each day with a family-style meal and enjoy what we created together!

Seattle Magic Academy: Discover Magic! Blue Wand Course

(2nd-5th Grade, Min 10/Max 20)

Get ready to take an amazing adventure into the exciting world of magic! Join the Seattle Magic Academy with their very popular magic class! Learn how to teleport objects across the room, find hidden magical treasures, levitate a cup of popcorn, plus many more! The 4 different wand color courses offered can be taken in any order, and all the magic is different in each course. Students gain communication skills and self-confidence in these magic classes. Students will receive all the magic tricks taught in the course, "secret" file folders, access to an online video vault to revisit everything being taught, and more surprises.

Stone Soup Theatre: Wizarding School, A Potter Parody

(2nd-5th Grade, Min 7/Max 15)

Hiding in the hills of Scotland stands an ancient castle, full of magic and mysteries. In an epic fight between good and evil, join a trio of brave young Witches and Wizards as they uncover the secrets of the castle, study fantastical spells, and defeat the forces of evil once and for all.

Zumba Kids

(2nd-5th Grade, Min 8/Max 20)

Zumba Kids is fabulous for younger Zumba® fans! Kids ages 7-12 get the chance to be active and jam out to their favorite pop and Latin/world music. Zumba® Kids feature kid-friendly routines based on original Zumba® Choreography. Our class will include a warm-up, dance steps break-down, games/activities, exploration of a different country every week, and cool down with stretching and gentle yoga. Join the dance party!
