CLASS DESCRIPTIONS: Fall Quarter (10/14/24 – 12/16/24)

Classes that do not meet the minimum enrollment will be cancelled.

Half Pint Puppets: Build a Puppet, Change the World!

(8-12yo, Min 6/Max 15)

Learn to make your own Muppet-style Puppet! With the help of a professional puppet builder, you get to construct a puppet that you design, stitch, glue, and bring to life! We'll create a script together with our characters to perform on the last day of camp for family and friends! All materials are provided, and you'll leave with new skills, friends, and a puppet you made yourself!

HOFTC: Gaga Ball + HOF Games

(K-2nd Grade, Min 8/Max 14)

Can't get enough Gaga Ball? Play every week while mixing in some other summer camp favorites such as 9-Square, Castle Ball, and dodgeball games! Newcomers will learn the games and improve their skills, while seasoned players can get their competitive juices flowing.

HOFTC: Choose Your Own Adventure

(K-5th Grade, Max 8 Mon, Max 16 Wed)

Would your child like to join friends for an **organized active game** led by one of our experienced counselors? Would they prefer to play an **indoor board game or card game**? How about **solo time** to color or work on homework? Maybe they just need some **less-structured free-time** on the playground or field (rain or shine!) after school to burn off excess energy and engage in free play. We offer all of those options! Choose Your Own Adventure allows each child to recharge after school in their own way, without screens and with proper supervision.

Kids' Carpentry Seattle

(K-5th Grade, Min 5/Max 8)

Kids' Carpentry is a hands-on toy building experience designed to teach kids practical woodworking skills with an emphasis on the safe use of hand tools. While kids construct fun and exciting projects, they are also empowered to become independent thinkers--building confidence, self-esteem, and a repertoire of practical skills that will last them a lifetime. At the end of the session kids will bring home one or more wooden games or toys that they have built by hand from scratch.

Kulsoom: Beginner Embroidery

(3rd-5th Grade, Min 5/Max 10)

Students will be introduced to the very basics of embroidery, starting with how to safely handle needles, threading and moving on to knots and stitches. Each student will be given their own supplies (embroidery hoop, thread, needles, scissors) and together in class we will work on a final project proudly showcasing all that we learned during the course of 8 weeks.

Kulsoom: Doodling & Watercolor

(K-5th Grade, Min 5/Max 10)

Artists will learn the skills to create masterpieces of their own in this beginner friendly course. They will learn basic drawing and watercolor painting techniques and application of these techniques to their project. My hope is to provide the students the skills they need to begin their artistic journey into self-expression, confidence and creative thinking. We will be working on a few projects during the course of 10 weeks focusing on drawing one week, painting the next and so on. Each student will be provided with a sketchbook, watercolor palette and drawing materials.

Oranqutan Chess: Chess Club

(K-2nd and 3rd-5th Grade, Min 10/Max 22)

Chess Club is a community for new and experienced students to learn together, including checkmate patterns, tactics, openings, strategy, chess notation, chess history, famous games, local chess events, how to play in chess tournaments, different ways to play chess (variants), how to create a chess variant and more! ChessKid.com gold memberships are provided to all club members for 24/7 access to puzzles, lessons, and games. OCA has instructed multiple Washington State Chess Champions since 2017. Because younger students frequently have shorter attention spans, OCA offers 10-15 minutes of optional "wind down" time at the end of the club with non-chess videos like TED educational cartoons or the award-winning Shaun the Sheep.
