HOFTC: Choose Your Own Adventure

Would your child like to join friends for an **organized active game** led by one of our experienced counselors? Would they prefer to play an **indoor board game or card game**? How about **solo time** to color or work on homework? Maybe they just need some **less-structured free-time** on the playground or field (rain or shine!) after school to burn off excess energy and engage in free play. We offer all of those options! Choose Your Own Adventure allows each child to recharge after school in their own way, without screens and with proper supervision.

We will be learning multiple types of hand sewing techniques, from the basic whip stitch to buttons, to embroidery. This class will build fine motor skills, finger dexterity, and most important, it will give their creative muscles a workout! Students will start with a simple pre-requisite project and then move at their own pace to more exciting and challenging options! Project options, which rotate each session, include puppets, monster keychains, fruit brooches, stuffies, wallets, and more!

At the end of the session kids will bring home one or more wooden games or toys that they have built by hand from scratch.
