Block 2 3:40-4:10 PM	<input type="checkbox"/> <b>HOFTC: Choose Your Own Adventure (K-5<sup>th</sup>)</b> \$55	

- Register at [hof-teamcamp.com](http://hof-teamcamp.com), payment by credit card is due at the time of enrollment. Registration opens on **Monday, March 24<sup>th</sup> at 9 AM**.
- If you are placed on a waitlist, you will be notified if a seat becomes available and will have the option to accept or decline the seat.
- Registration closes on **Friday, April 4<sup>th</sup> at 11:59 PM**. Class schedules cannot be changed after registration closes.
- Upon registration, you will indicate if your child will walk home, attend Creative Care aftercare (escorted by a staff member), or will be picked-up. Campers should be picked up within 5 minutes of class end-time from their classroom.
- Standard Class enrollees have the option of enrolling in a Block 2 class as well.
- During the registration process, there will be an option to request a scholarship and to make additional donations to the scholarship budget.
- Campers will go directly to the Gym at the end of the school day for check-in, snack, & social prior to the start of class. Please send your child with a snack and water bottle. **Please remind your child that the snack is to be saved for after-school enrichment.**
- Should an instructor cancel for the day, **please plan alternate after-school arrangements for your child**. You will receive a refund for any days that the instructor misses. Instructors with attendance issues will not be asked to return for subsequent quarters.
- Families will not be reimbursed for days that learners do not attend.

HOFTC is not a licensed childcare entity.

# CLASS DESCRIPTIONS: Spring Quarter (4/22/25 – 6/12/25)

Classes that do not meet the minimum enrollment will be cancelled.

## Coach Walter: Chess Club

(1<sup>st</sup>-5<sup>th</sup> Grade, Min 10/Max 18)

Anyone interested in learning how to play the game of chess is encouraged to register and all skill levels are welcome. Students will have the opportunity to learn from an instructor, play chess with their friends, complete activities and challenges to win prizes, and even compete in tournaments if they so choose. Coach Walter will sub for Coach David this quarter.

## Creative Coding

(3<sup>rd</sup>-5<sup>th</sup> Grade, Min 5/Max 12)

Creative Coding teaches your child to code by helping them make their own custom video games! Our Project based, multi-level classes are amazingly fun yet very effective in teaching creative problem solving AND emotional resilience. As the students bring their ideas to life, they iterate through the emotional cycle of Coding (idea>excitement>effort> frustration>more effort>triumph!) with our support and positive encouragement. Repeating this cycle not only builds great coders, but more importantly, develops emotional persistence that will help students enjoy taking on new challenges in all aspects of their lives. Students new to coding will participate in the Creative Coding core curriculum, learning the fundamental elements of coding using MIT's Scratch to create their very own computer games! Many parents and educators are realizing that the benefits of learning to code at a young age extend far beyond the skill itself. Through the "brain exercise" of coding, coders build intelligence like athletes build muscles. Just as importantly, they develop stronger problem-solving skills, confidence over technology, and emotional persistence.

## HOFTC: Choose Your Own Adventure

(K-5<sup>th</sup> Grade, Max 8)

Would your child like to join friends for an **organized active game** led by one of our experienced counselors? Would they prefer to play an **indoor board game or card game**? How about **solo time** to color or work on homework? Maybe they just need some **less-structured free-time** on the playground or field (rain or shine!) after school to burn off excess energy and engage in free play. We offer all of those options! Choose Your Own Adventure allows each child to recharge after school in their own way, without screens and with proper supervision.

## Illumination Theatre: Mini Movies—Drama, Skits, & More

(K-5<sup>th</sup> Grade, Min 7/Max 14)

Join us for an exciting program where students will explore the magic of storytelling through drama, skits, and mini-movie making! Each week, young performers will engage in fun, interactive activities that spark creativity, build confidence, and develop teamwork skills. Students will: Learn basic drama elements; Create and perform their own short scenes; Act out fun and engaging skits; Explore the process of making mini-movies; Boost confidence and stage presence. The class will conclude with a mini-movie showcase where students will email home their creations to share with family and friends! No prior experience needed—just bring your imagination and enthusiasm! Lights, camera, action—let's make some movie magic!

## Play-Well TEK: LEGO Engineering Winter Wonderland

(1<sup>st</sup>-3<sup>rd</sup> Grade, Min 10/Max 16)

Bundle up, we're creating a spectacular Winter Wonderland! Build bobsleds, design snowmobiles, and take a ride on the Polar Express. Explore your snowiest ideas and learn STEM concepts with tens of thousands of LEGO® pieces at your mitten-tips and the guidance of an experienced Play-Well instructor.

## Where Creatives Gather: All About Art--Hello Kitty Club & Friends

(K-5<sup>th</sup> Grade, Min 10/Max 16)

If you love all things Hello Kitty and Friends and love to do arts and crafts, this club is for you! In this quarter, all art projects and activities will center around Hello Kitty and Friends. We will explore clay, several types of paper crafts, DIY squishies, jewelry and design t-shirts with our favorite characters. We will also play games and roll play activities. All snacks and supplies provided

## Where Creatives Gather: All About Art--The Elements, Plants, & Minecraft

(K-5<sup>th</sup> Grade, Min 10/Max 16)

Calling all Minecraft enthusiasts and artists of nature! In this quarter, we are combining our artistic ideas to create Minecraft art that will include real plants and the elements of Earth, bringing our Minecraft worlds to life. Projects will include building a Minecraft terrarium, clay figures, designing Minecraft planters to hold our plants, resin creatures and more! All supplies and snacks are provided.
